PRO SERIES SKIMMER BASKETS WITH ZINC ANODE WEIGHT

A MUST HAVE FOR ALL SALT WATER POOLS! Corrosive chemical reactions can be a big problem with salt water sanitation systems. Select CMP Pro Series baskets now use Pool Defender technology to reduce long-term salt use damage. A special sacrificial zinc anode helps to prevent the metal erosion and plaster discoloration that occurs due to electrolysis. The zinc puck will also prevent your basket from floating when empty. Every salt water pool should use a CMP zinc anode.

GUNITE POOL BASKET
27182-009-200
HEAVY DUTY

GUNITE POOL BASKET
27180-009-200

VINYL POOL BASKET
27182-152-200
HEAVY DUTY

CMP Heavy Duty Baskets are made with extra-thick ABS plastic. They are a higher quality than original OEM standards.

For total pool protection try the CMP Pool Defender sacrificial zinc anode

Use the anode replacement puck kit to add Pool Defender technology to any skimmer basket
