

CUSTOMIZE YOUR SPA, YOUR WAY.

Design your spa with Twirlybyrd to deliver a relaxing hydro-therapeutic massage. Choose between 4 interchangeable massage therapy jet faceplates; Deep Tissue, Shiatsu, Pulsating or Soft Stream to create a relaxing spa experience.

The unique advantage of installing Twirlybyrd is the universal housing that allows the ability to change or move the therapy jet faceplates to different stations in your spa with a simple twist. Choose different combinations for your legs, back and other muscle groups. The choice is yours to mix and match as you see fit.

Five designer colors to match most interior finishes for new pool construction or for upgrading your existing pool.

Tell your pool builder you want to customize your spa with Twirlybyrd.

 **Twirlybyrd**

- RELAXING, REJUVENATING CUSTOM HYDROTHERAPY STATIONS
- UNIVERSAL HOUSING ALLOWS YOU TO CUSTOMIZE YOUR SPA ANYTIME
- PERFECT FOR NEW POOLS OR REMODELING EXISTING POOLS

WHICH SPA EXPERIENCE SHALL IT BE TONIGHT?

INTERCHANGEABLE MASSAGE THERAPY JET FACEPLATE

Deep Tissue (Strong)

Delivers a concentrated, knot-busting, muscle massage and is considered the strongest sensation in the Twirlybyrd line.

Shiatsu (Firm)

Gives a wide-rolling, tension-relieving massage. Still a firm sensation but moves into a softer massage than the Deep Tissue.

Pulsating (Medium)

A pulsating, muscle-renewing massage, slightly softer than the Shiatsu. Will feel most closely to a smooth vibrating massage.

Soft Stream (Soft)

A gentle, even-flow, relaxing massage. Mellow and soothing; individual streams of water and air mixing give a very relaxing massage.

Housing

All the Twirlybyrd massage therapy jet faceplate utilize the same universal housing. Simply use the unlocking tool supplied to twist to unlock and lock the faceplate into the housing, allowing you to customize your spa anytime. Its neutral grey color disappears behind any Twirlybyrd therapy jet faceplate.
